

Dear Mom, Dad & Tyler

Well I first want to say that I love you all very much and I will miss you. I am so proud to have been your son and brother. I just wish I would have showed it more, but know that I've always felt that way. I can't even imagine the pain you all going through right now and I'm sorry you have to feel that pain. What ever you do don't push each other away you all going to need each other now. I know we had hard times and I was a pain in the ass, but I never stopped loving any of you. I loved being around you, I'll miss sitting around the dinner table cracking jokes trying our hardest to make each other choke or spit up our food. I have so many good memories, so many laughs and that's what you all need to remember too. Also if you mourn me do it in a good way don't listen to sad music or sit in dark rooms alone, cause that's not what I was about, I was all about rocking out and having a good time, so through a party at my funeral. Make sure to have lots of sexy dancing women cause I guarantee I'll be there and I want to get my groove on one last time. I had a good life even through the hard times, I enjoyed my life except when we got into fights, but other than that I enjoyed life. I really want to stress that I love you all from the bottom of my heart and you'll always be with me. There is not really much more that I can say, just take care of

each other and ~~try~~ to live your lives. You are all
very strong people and I'll be around to comfort
you all as much as I can. I also know how much
you all love me so don't think that I don't cause
I do. Tell everyone I love them and was proud to
have them as my family.

I Love You All SO Much
Capt Travis James Layfield
